To Whom it May Concern:

I would like to revise my vote on the 5-062 Application presented by Councilman Marks. It appears that the application was made solely to determine the acreage and current zoning of the properties involved. It was my misunderstanding that the application was to change the zoning of these properties. As per my comments, I would be opposed to any changes in zoning as it would adversely effect Towson Manor Village. As there is no change in zoning proposed at this juncture, I would appreciate that my vote be changed to "in favor of".

Thank you for your attention to this matter,

Shelley Brockway
