Re: Zoning Issue No. 1-009: 1501 Frederick Road

I support ROA zoning designation

Dear CZMP Planning Board:

I live at 1503 Frederick Road in Oak Forest neighborhood near the property. I have lived there for 11 years. I am supportive of the ROA zoning request as I believe it is consistent with the nature of the neighborhood and I think that it requires that the building maintain its residential character. I know the owners of 1501 Frederick Road, who have been long time residents there. They are very supportive community residents.

Sincerely,

Andrew Ewald
