#1-009

April 8, 2020

Dear CZMP Planning Board:

I have lived at 611 Oak Hill Road in the Oak Forest Park neighborhood for more than thirty years. I pass the property requesting the zoning change every day. I am supportive of the ROA zoning request since I believe is it consistent with the nature of the neighborhood especially with the location right on Frederick Road. I know the owners who have been long time residents there. They are active, contributing community members and residents.

Sincerely,

Toni C. Hiteshew
