Dear Ms. Meacham,

As Executive Lead of the Hazelwood Business Task Force, I strongly support the proposed street improvements and continued revitalization of the Holland Hill & Hazelwood communities.

This project represents more than physical upgrades. It is a meaningful investment in neighborhood safety, economic opportunity, local businesses, and the quality of life of our residents. Safer, more welcoming streets will help children and families move through the community with greater confidence, encourage responsible development, and show residents that Hazelwood is worthy of sustained public investment.

These improvements will also help us protect the community's legacy while building a stronger foundation for future generations. Visible investment can restore pride, strengthen trust, and create momentum for residents and businesses already working toward Hazelwood's renewal.

I respectfully ask Baltimore County to continue advancing this important project.

Sincerely,
Kymberly Jones
Executive Lead
Hazelwood Business Corridor Task Force
