Good Morning, Ms. Meacham

I am writing to ask that Baltimore County fund traffic calming improvements on Hazelwood Avenue through the Hazelwood Avenue Gateway project. I live in Holland Hill and frequently drive the Hazelwood Avenue corridor.

Hazelwood Avenue is the main corridor and there are adequate sidewalks in the area. However, there are no pedestrian crosswalks from one side of Hazelwood Avenue to the other. The curve in the road from The Hazelwood Inn to the Skate Park is especially dangerous for pedestrians trying to cross the street and drivers trying to exit the Skate Park to the left.

The Hazelwood Gateway project would not only be a visible improvement to the community and the area it would also improve safety and security for the businesses and residents living along the corridor and in Holland Hill.

My community has helped shape this plan. I am asking the County to help us build it by including the Hazelwood Avenue Gateway in the Capital Improvement Program.

Thank you for your consideration.
