Good evening!
I had emailed David Marks about the possibility of constructing a new playground on the corner of silver spring rd and silver knoll drive.
As of now it's just an empty field but I think it'd make a great location for a neighborhood playground. No parking would be needed because it would just be for all the local kids.
I walk by all the time with my two year old and we would stop there all the time if there was a minimalist playground (swings, a slide or two, nothing too crazy).
Anyway! Just wanted to pass along the idea.
Thanks for your time.

Sincerely,
Dave Seiler
