Good morning -

I believe we need to do a better job of preserving open spaces. Many parks are turned into areas with playgrounds, parking lots, buildings, and have minimal green spaces. There are many resources within the Baltimore County government which allow for preserving and enhancing the beautiful natural resources of this area.

Baltimore County continues to grow larger with what seems to the community as almost unrestricted building. Please consider spending money to purchase land and properties for sale to preserve them and create open spaces before it is too late.

Thank you,
Sarah
